## EDUCATION

**NORTHEASTERN UNIVERSITY**, Boston, MA

March 2026

Master of Science in Project Management – Agile Project Management

**ANNA UNIVERSITY | COLLEGE OF ENGINEERING GUINDY**, Chennai, India

April 2018

Bachelor of Engineering in Electronics and Communication Engineering

## WORK EXPERIENCE

**Aosenuma - Gaman AI**

**Houston, TX**

**AI Project Manager Co-op**

August 2025- December 2025

- Led end-to-end project delivery lifecycles for a program of 3 AI-based projects utilizing LLM, RAG, and multi-agent-based technology.
- Analyzed 80+ project proposal documentation to design a two-phase AI transformation strategy, improving operational efficiency by 22%.
- Mitigated critical delivery risks by implementing a structured RAID log, resulting in a 37% improvement in on-time milestone delivery.
- Presented the impact of organization-wide AI implementation by outlining revenue growth prospects via Google Apps Script dashboard.

**Sexual Violence and Prevention Association**

**Boston, MA**

**Project Management Associate Co-op**

January 2025- March 2025

- Spearheaded project planning using ClickUp Brain (AI) to enhance and visualize task creation, progress tracking, & status reporting.
- Improved donor retention forecast by 23% and proactively flagged 457 at-risk donors per month by utilizing PivotChart Fields on Excel.
- Designed interactive Excel dashboards to analyze growth opportunities and funding risks, guiding board-level prioritization and next steps.
- Enhanced creative design approval lead time by 40% (5 days to 3 days) by automating ClickUp and Canva via Zapier and webhooks.

**Freshworks**

**Chennai, India**

**Customer Program Manager**

March 2022- November 2023

- Led a team of 8 developers to execute 35+ development projects for enterprise clients across the APAC, MENA, and North American regions
- Piloted the feature prioritization program for high MRR clients, prioritizing 50+ critical bugs and fast-tracking high-value feature releases.
- Facilitated feature adoption reviews, converting client needs into prioritized enhancements, driving 25% ARR (\$0.64M to \$1.13M).
- Developed a Power BI dashboard to highlight at-risk projects, enabling targeted interventions and reducing at-risk projects by 12%.

**Freshworks**

**Chennai, India**

**Product Specialist**

January 2021- March 2022

- Spearheaded end-to-end client account management for 60 global accounts, driving \$0.2M in new business revenue.
- Headed Quarterly Business Reviews (QBRs) for global clients, facilitating strategic executive dialogue and joint revenue growth strategies.
- Led a cross-functional 4-member team to analyze 80,000+ tickets, detecting usability gaps and driving product feature improvements.
- Applied MoSCoW prioritization framework to rank revenue-driving features, aligning product roadmap to measurable business impact.

**Contus Tech.**

**Chennai, India**

**Quality Assurance Engineer**

April 2019-May2020

- Directed quality assurance for IoT projects (Daimler, Mahindra) involving fleet management systems, leveraging Simulink and Selenium.
- Chaired weekly strategy meetings to refine test plans and conduct QAQC evaluations, enabled client handovers and drove project delivery.
- Integrated JIRA and Jenkins to streamline QA workflows, reducing test cycles by 40% and accelerating deployment frequency.

## SKILLS

**Certifications:** Certified Scrum Master CSM®, Project Management Professional PMP® - In progress

**Project Management Software:** MS Project Professional 2021, Notion, ClickUp, Trello, JIRA

**Software Tools:** Cursor IDE, Power BI, Tableau, RStudio, GitHub

**Programming and Cloud IAM platforms:** Java, SQL, R, Jenkins, Azure, AWS, Okta

## PROJECTS

**Smartsheet IT Portfolio dashboard | Alnylam Pharmaceuticals**

Jan 2026 – March 2026

- Developed WBS with 40+ work packages using MS Project for bottom-up scheduling and dependency mapping, ensuring on-time delivery.
- Analyzed 15 project risks using qualitative and EMV analysis, securing a \$10,775 contingency reserve to mitigate potential threats.
- Optimized resource allocation by applying fast-tracking and crashing techniques, delivering the project within the \$58,250 budget.

## LEADERSHIP EXPERIENCE

- Laurel & Scroll 100 — Recognized among Northeastern's top 100 distinction graduates globally for exceptional graduate achievement.
- Program Lead - Events at Northeastern University Project Management Club (NUPM) associated with Project Management Institute (PMI).
- Awarded the CPS Leaders and Scholars award by the College of Professional Studies, recognizing outstanding leadership achievements.
